DEPARTMENT OF EDUCATION OF PORTO RICO
Office of the Commissioner
San Juan

Circular Letter No. 270

January 6, 1906.

To Superintendents,

Gentlemen:-

Inquiry has been received at this office whether in opening the registers for the second term the column "Added to Enrollment" should include all the pupils attending the first day as was done at the beginning of the first term, or whether the first week of the second term should be treated exactly as though it were a continuation of the first term and only the new pupils enrolled to be placed in the column "Added to Enrollmen."

I beg to inform you that the latter is the correct view. You will accordingly examine with great care the cards which will be presented to you for the first week of the present term and if any teachers have fallen into the error of placing all of the pupils attending the first day in the column "Added to Enrollment" you will kindly see that these cards are corrected before making up your weekly report.

Respectfully,

(Signed) Roland P. Falkner
Commissioner of Education
